Every Child. Every Opportunity.

## PHOTOGRAPHIC IMAGES OF ISA STUDENTS/ DISCLOSURE OF STUDENT ASSESSMENT DATA

The International School Aberdeen conducts and sponsors a wide range of activities throughout the academic year. Our students participate in both academic and social activities at school and during off-campus field trips. The students enjoy sharing their experiences with their parents, family members, teachers, classmates and friends; this is often done through photographs, video and digital photographs that may be sent via e-mail or placed in school newsletters or websites. This is regarded as an important part of the students' learning process, in that it allows events to be shared and to encourage other students to participate in future activities.

ISA is seeking your permission for the school to "take images" of your child(ren) when they are participating in school sanctioned activities. In addition, ISA is also requesting that you extend your permission to other "sanctioned" photographers and camera operators that are acting with the knowledge and consent of the school, i.e. other school parents and/or their relations/friends, other students, and, on very special occasions, local newspaper or TV.

ISA also seeks parental consent to disclose student assessment data to appropriate worldwide testing organisations for the measurement, recording, and storage of such information.

Written permission will cover the duration of your child(ren)'s enrolment in the School.

If you are willing to grant this request, please sign the bottom of this form. **(NB: if you do not return this form, the School will presume you grant your permission to the above.)** If you are not willing to grant your permission, kindly send me a note or an e-mail stating your refusal.

Thank you for your assistance.
